Fax 785-823-3299

Targeted Case Management

Case Managers help the person and their support network navigate the world of services and supports. They can help identify, select, obtain, and coordinate paid and unpaid services to enhance the person's independence, integration, and productivity by using their Person Centered Support Plan as a guide.

Futures Unlimited, Inc.
KETCH (Mulvane only)

TFI Family Services (Children Only & No Respite)

Agency-directed Personal Care Services

An agency-directed attendant care service supporting daily living needs of individuals (children or adults) living in their family home. Services occur at home or in the community assisting the individual. Services might include direct assistance with health care needs, self care activities or tasks promoting independence, productivity, and community integration. Attendant care workers are employed, trained and supervised by the agency chosen.

Overnight Respite for relief to family for overnight. Planned in segments and time limited

Enhanced Care Services is overnight assistance for repositioning nighttime medication and/or other medically necessary supports.

Supportive Home Care (SHC) is provided by an agency to assist a person living with someone meeting the definition of family OR in one of the following settings: A setting where a child, 5 to 21 yrs. of age is in the custody of DCF but not living with someone meeting the definition of family, or a setting in which a child, 15 yrs. of age or older, resides with a person who does not meet the definition of family and who has not been appointed the legal guardian or custodian.

Specialized Medical Care

Long-term nursing support provided to individuals who are medically fragile or technology dependent. The ongoing medical needs of the individual must be met to ensure the person can live outside of a hospital or ICF/MR. Providers of this service must be employed or supervised by a Home Health Agency, be an RN or LPN and be trained with the medical skills necessary to care for and meet the medical needs of the individual.

Assistive Services

- Home Modifications/Equipment – A service providing equipment, modifications or improvements to an individual's living environment to permit them to remain in their home and ensure safety, security and accessibility.
- Van Lifts – Vehicle modification provided for safe transportation to help an individual be involved in their community.
- Wheelchair Modifications – This service provides necessary modifications to wheelchairs of adults 21 years of age and older to promote health, well-being and independence.

Resource Center for Independent Living

Wellness Monitoring

A registered nurse will visit the individual's home to evaluate the level of wellness of the individual to determine if medical services recommended by a physician are being utilized properly and if the health of the individual is allowing them to remain in their home without more frequent skilled nursing intervention. Visits are limited to once every 60 days. Assistance is offered in orientation to surroundings, adjustment to medication, personal hygiene and monitoring of vitals.
